## Placing an Order

1. Under **Course Home**, locate and click the link within your course titled **Student Software Store**.

2. Click the link titled **Go to the Student Software Store**.

3. From within the store, click on the **DreamSpark Premium** tab.

### Welcome to the Student Software Store

Click the blue tabs at the top of the page for access to special software offers, for DeVry university and Chamberlain students and faculty.

4. Locate and select **Microsoft Project 2010**. You can also use the search function by clicking on the magnifying glass.

5. Determine what version you want to order and click **Add to Cart**.

**Microsoft Project Professional 2010**

Effectively manage diverse projects with a powerful tool for planning, collaboration and resource allocation.

Choose a language:

**Download**

Microsoft Project Professional 2010 32/64-bit (English) - DreamSpark **Free**  
Available to: Students/Faculty/Staff  
Backup disc: Available in most countries   Add To Cart

---

Microsoft Project Professional 2010 with Service Pack 1 32/64-bit (English) - DreamSpark **Free**  
Available to: Students/Faculty/Staff  
Backup disc: Available in most countries   Add To Cart

6. You will be given additional options to purchase that are not required. Select additional options by clicking **Add to Cart**. Once you have added the necessary items to **Your Cart**, select **Check Out** to complete your order.

**Your Cart**

7. You will now be directed to the End User License Agreement (EULA). This license agreement must be read and acknowledgement that you have read and agree to terms of use must be provided in order to complete the purchase. Please make sure you read and fully understand the installation and activation limitations of each software title purchased. Click **I Accept** to agree to the EULA.

### DreamSpark EULA

This message applies to:

#### Product

Microsoft Project Professional 2010 32/64-bit (English) - DreamSpark - Download

#### MICROSOFT DREAMSPARK DIRECT SUBSCRIPTION AGREEMENT

Last updated: June 2013

This is a subscription agreement ("agreement") between Microsoft Corporation (or based on where you live, one of its affiliates) and you for the Microsoft DreamSpark Direct student offering ("DreamSpark Direct Subscription"). Please read it. For purposes of this agreement, the term "software" applies to the software provided to you under the DreamSpark Direct Subscription, which includes the media on which you received it, if any.

**1. DEFINITION OF YOU OR YOUR.** "You", "your" or "student" means a person currently enrolled in and attending courses that lead to academic credit or certification through an accredited educational institution.

**2. TERMS FOR DREAMSPARK DIRECT SUBSCRIPTION.**

## Obtaining your download

1. Locate the Start Download button. This can be found on the receipt page as shown above or by accessing **Your Account/Orders** and clicking **View Details** on the order placed for Project (also shown above).

2. You will be taken to a Downloads page with further instructions on how to obtain your downloads. ( If you prefer, a YouTube video is also available to assist you in this process. Click the movie icon in the upper right hand corner of the screen to view the video or [click here](#).) You will be required to download and install the **Secure Download Manager (SDM)** prior to beginning the download of your software. This will assure that your computer and the Microsoft servers maintain a connection to minimize any possible corruption or missing files from your download. (Do not close this page until you have downloaded your software.)

Select Language: English (United States) 

## Get Your Software in 4 Easy Steps

 

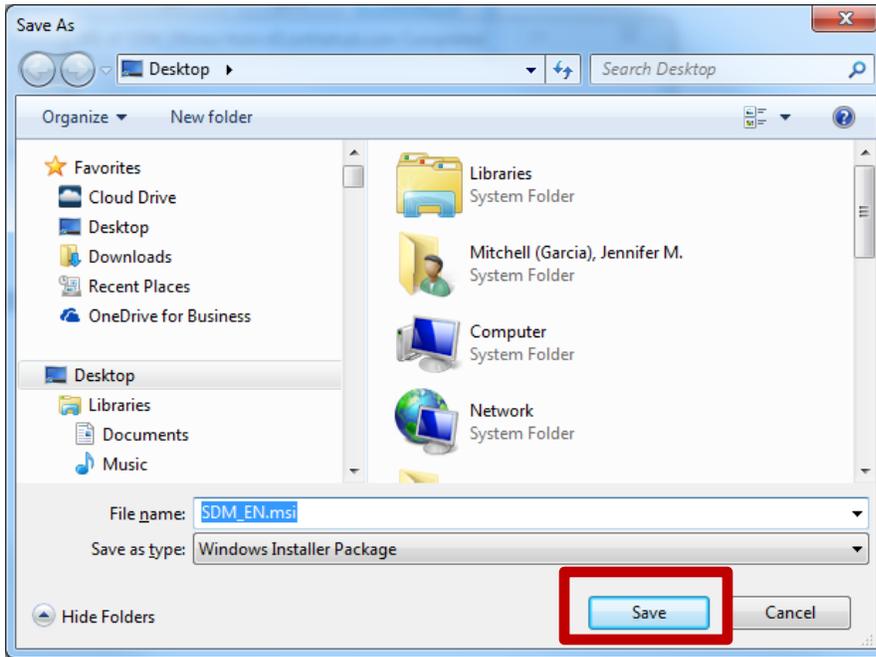

1. **Download the Secure Download Manager (SDM)** installation file   
If you have completed this step previously, go to step 3.  
[Download SDM](#) 
2. Locate the file from step 1 and run it to **install the SDM** 
3. **Download the .SDX file** for your order   
[Download .SDX](#) 
4. When the SDM launches, **start downloading your software.**   
If the SDM application does not launch automatically, locate the file from step 3 and open it to download your software.

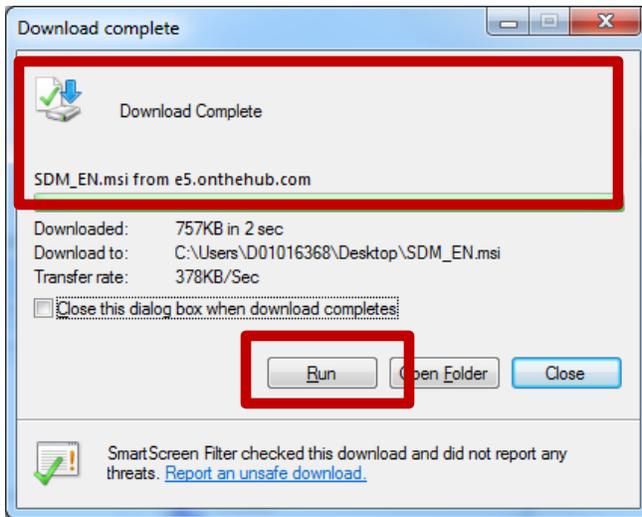

3. Click on **Download SDM**. You will be prompted to save the file. Click **Save**.

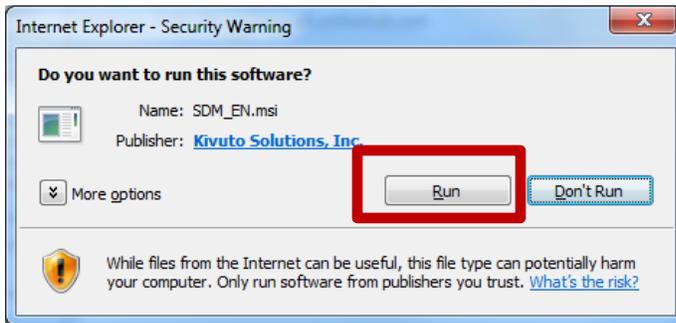

4. Identify the location of where the file is going to be downloaded and click **Save**.

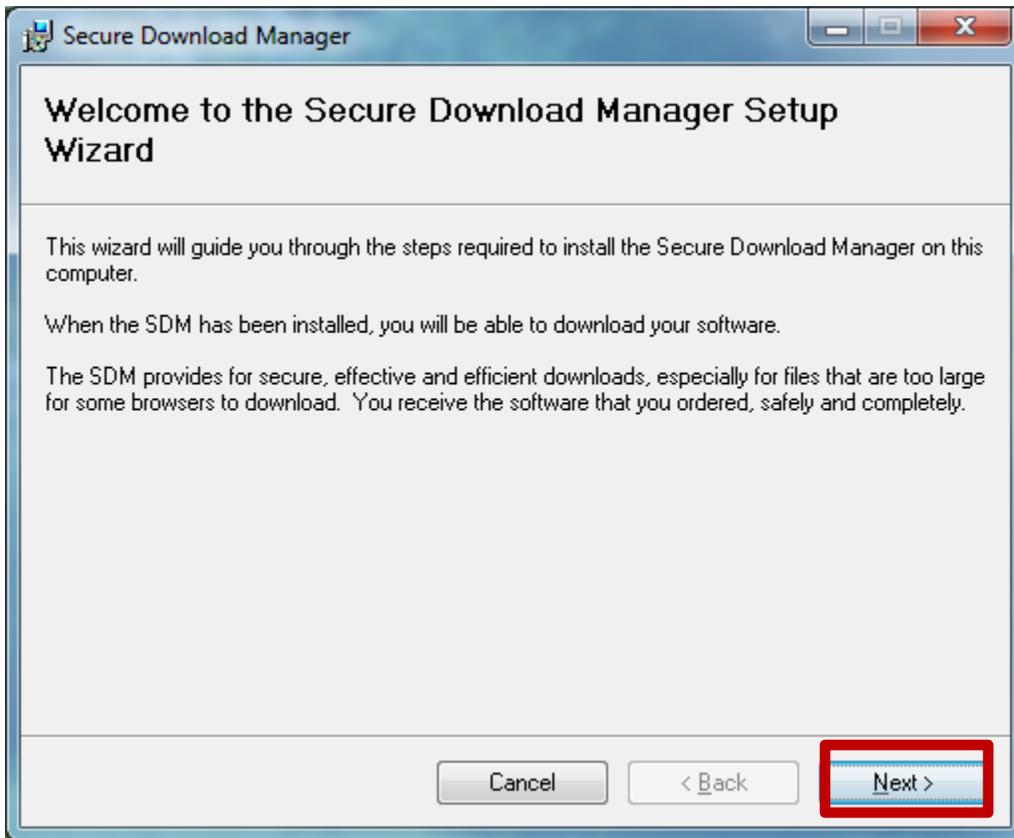

5. When the download has completed, you will receive a similar message as shown below. Click **RUN** to begin the SDM installation.

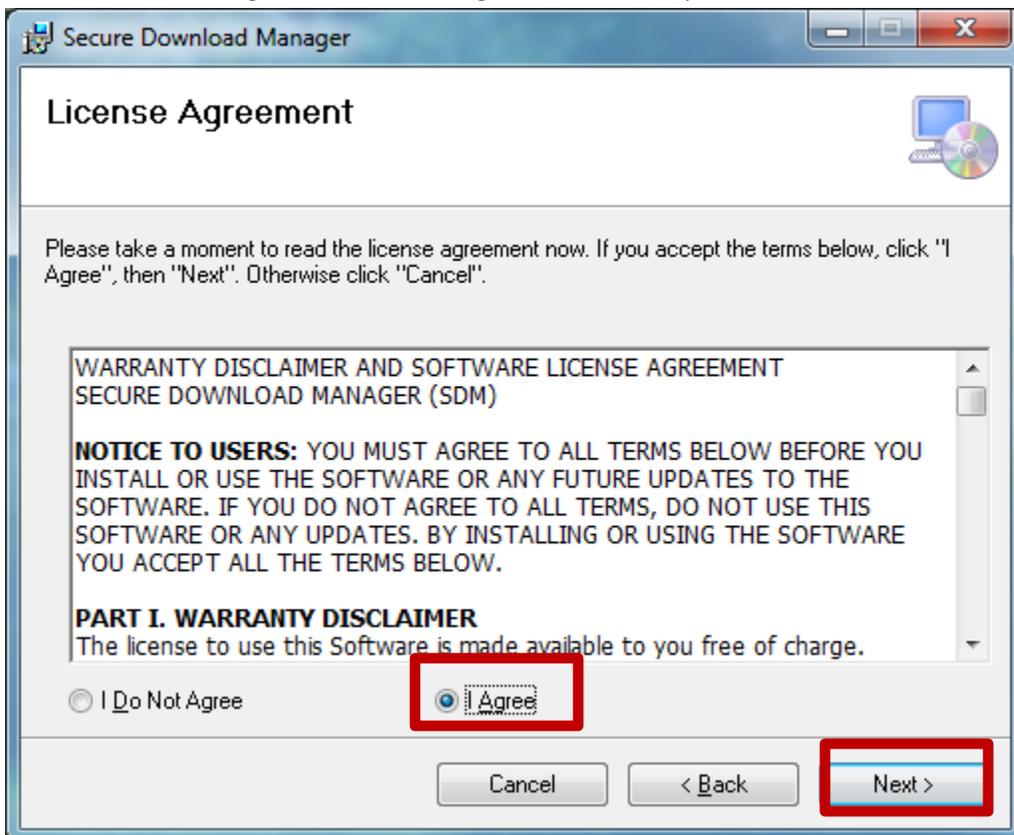

Note: IE users may receive a security warning. Click **RUN** to continue.

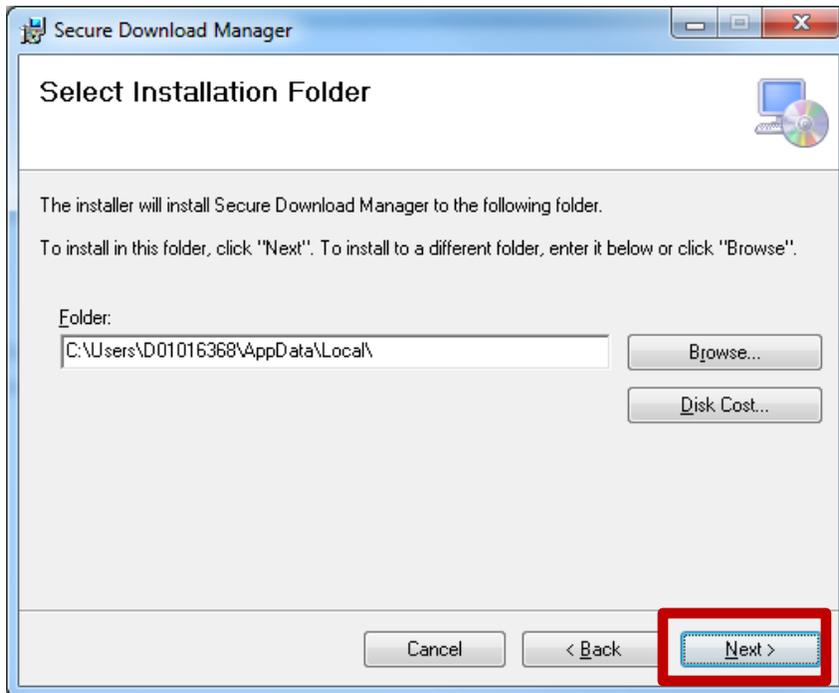

6. The SDM installation will begin. Click **Next**.

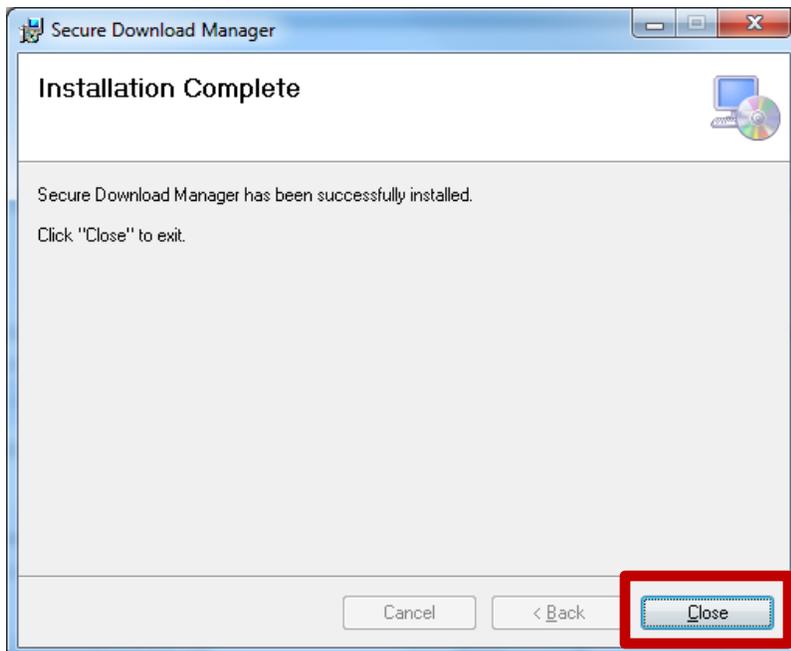

7. Review the license agreement. **Click I Agree** and **Next** to proceed.

8. The location of where the SDM software will be installed is displayed. There is no need to change this location. Click **Next**.

9. Once the installation process is complete, you will see a similar screen as shown below. Click **Close** and return to the Downloads page.

10. From the Downloads page, click **Download SDX**.

**Microsoft Project Professional 2010 with Service Pack 1 32/64-bit (English)**

Done Launch

Size: 801 MB C:\Users\D01016368\Downloads

MS Project downloads in an ISO format. For more details on ISO files, please refer to the **HELP** information provided in the store. You will need to extract the ISO file in order to install it. Please follow the next set of instructions to prepare your download for installation.

### Working with ISO Files

Once your file has completely downloaded, click Launch. You will be redirected to the folder where the download is saved. Double click the folder to open it and view the file.

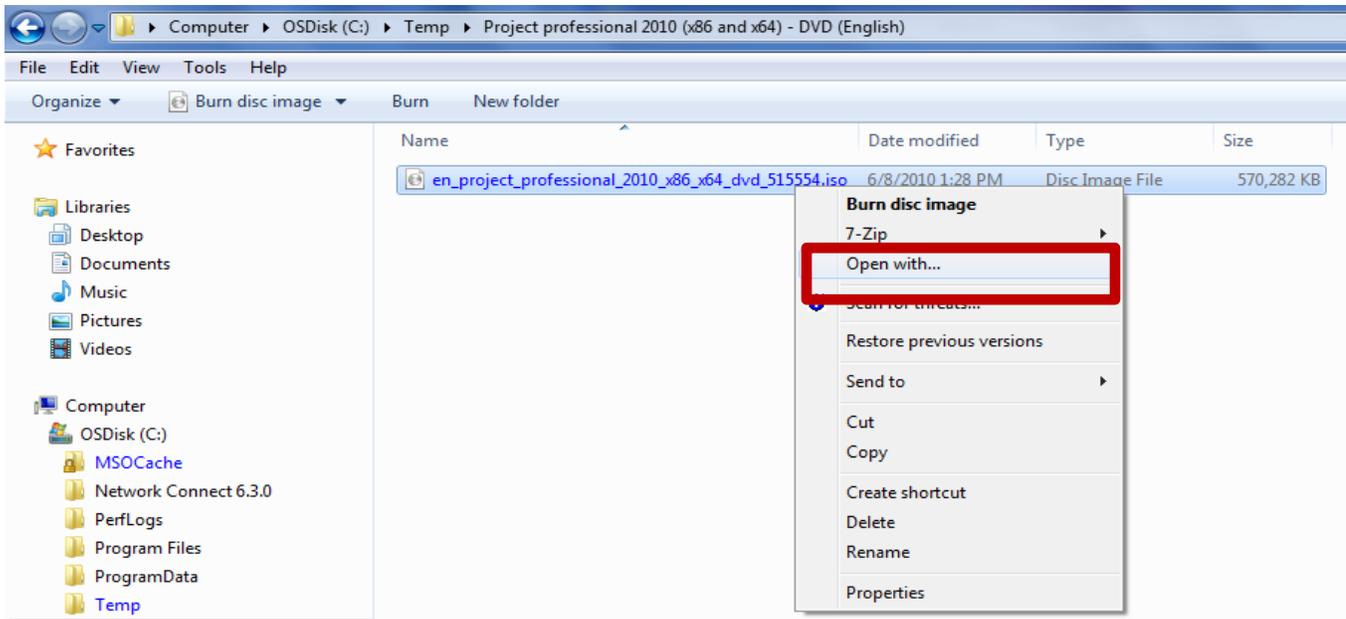

### Name

 en\_project\_professional\_2010\_with\_sp1\_x86\_x64\_dvd\_730314.iso

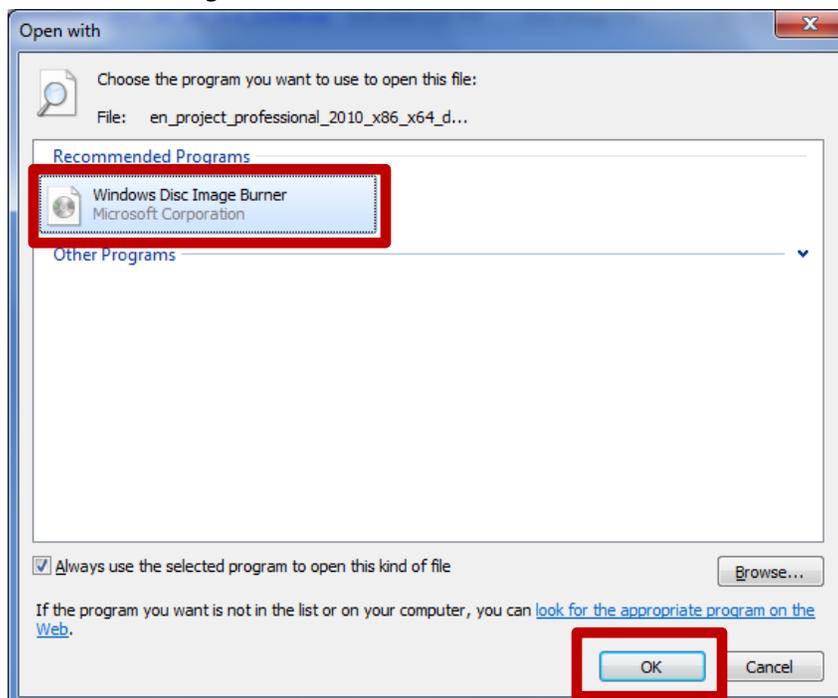

Note: There are 3 methods that can be used to extract the ISO file. We recommend burning the ISO file to a DVD disc as that can also be used a back-up. If you do not have a DVD drive and prefer to extract to a USB/thumb drive or even your hard drive, this may require additional software to be installed on your computer. All 3 methods are provided below. Please choose the option that best meets your needs.

## Using Windows DISC IMG Burner (Windows 7 & Windows 8)

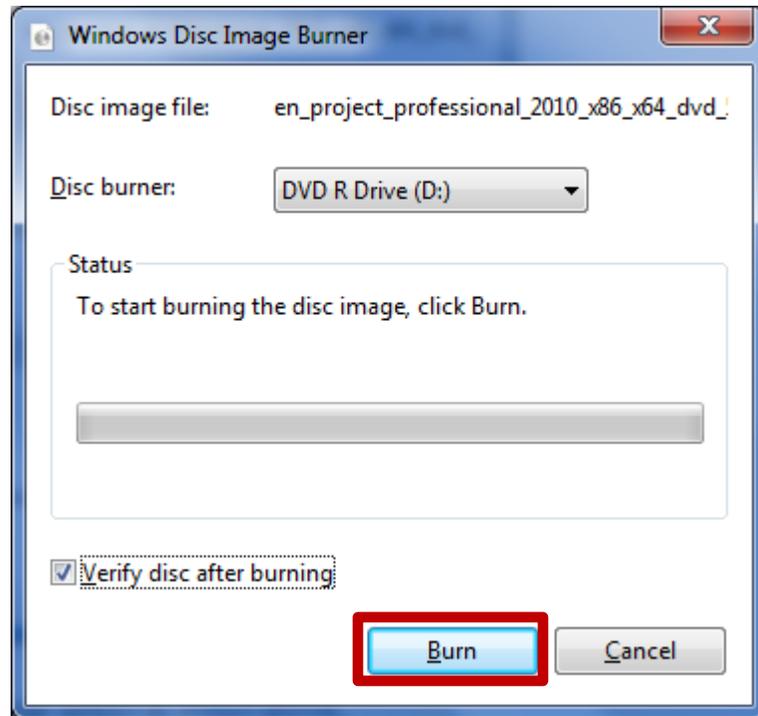

1. Right click on the IMG/ISO file and select **Open With...**

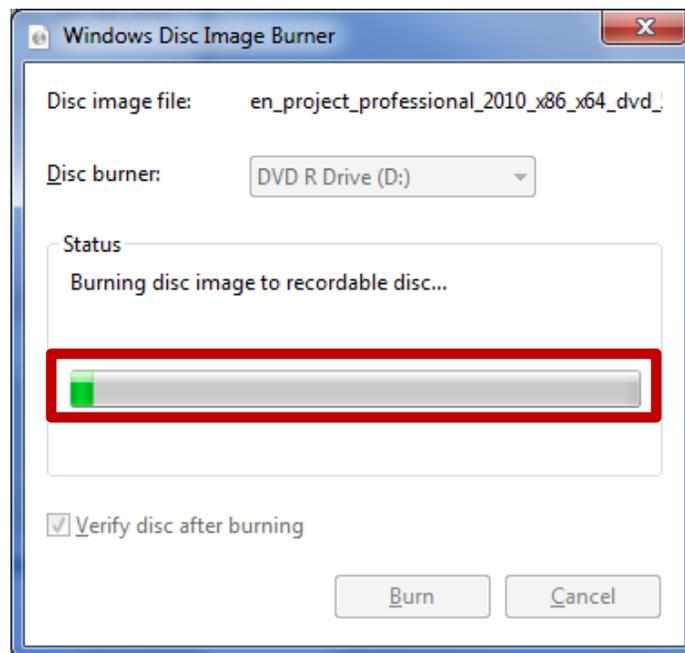

2. Select **Windows Disc Image Burner**. Click **Ok**.

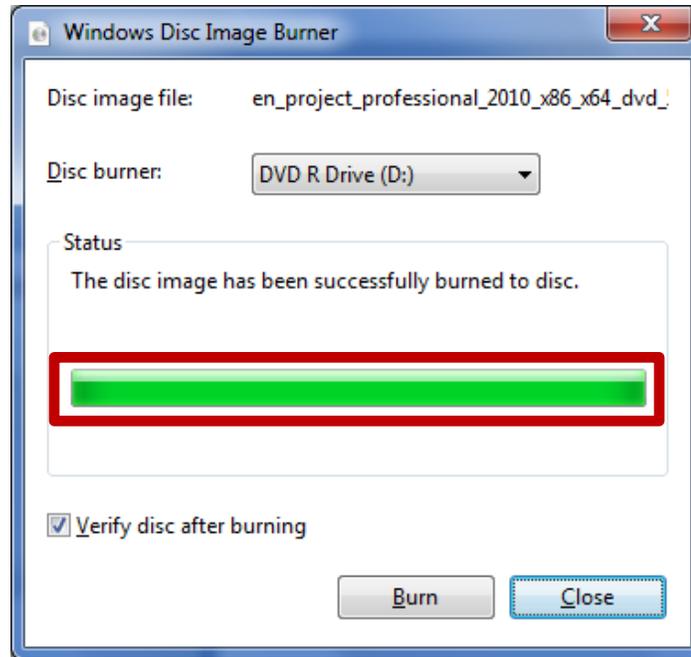

You should now be in the **Windows Disc Image Burner** and able to proceed with the next steps.

3. Check **Verify disc after burning**
4. Insert a blank DVD into the drive.
5. Select **Burn**.

- The image will now be written to the disc and a green progress bar will be visible.

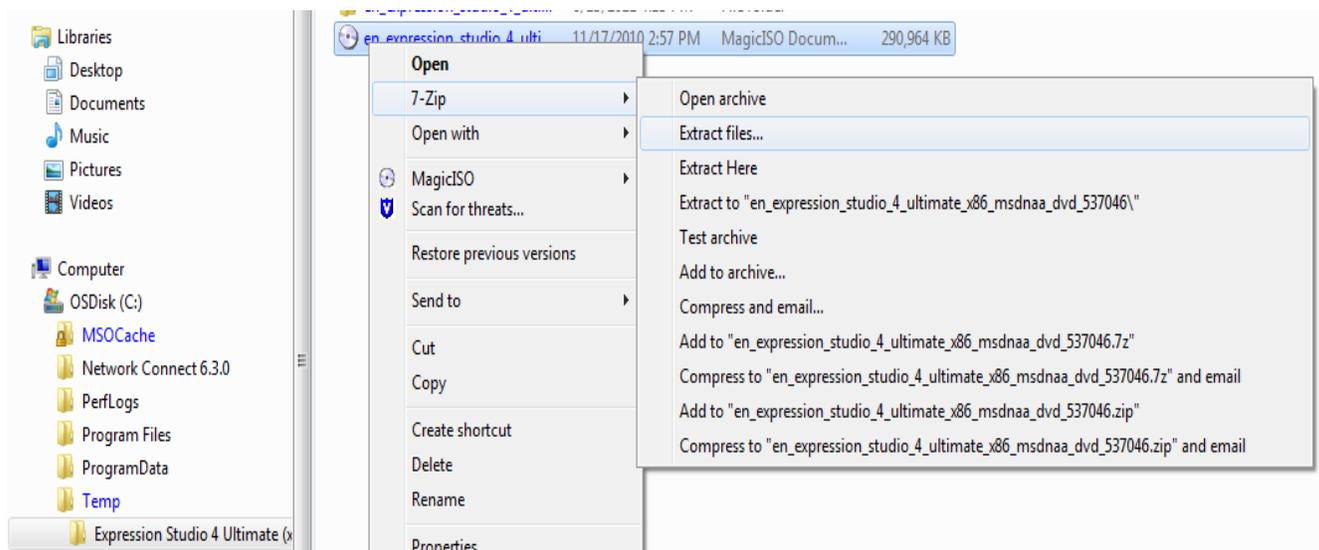

- When the process is complete, you will receive a success message and the disc is now ready to be used for installation.
- Eject the disc and re-insert it to begin the installation.

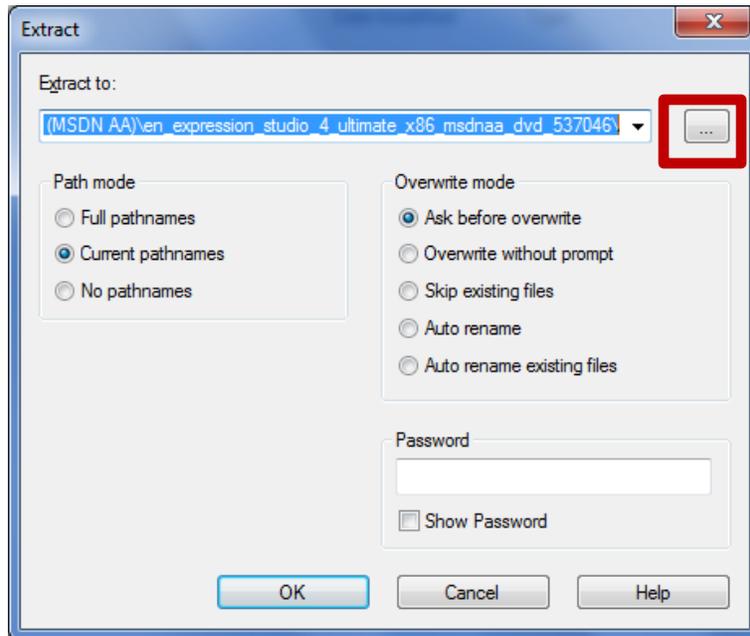

## 7 ZIP - IMG or ISO FILES

If you are using the 7-Zip software, you will need a DVD or USB/external device or the necessary hard drive space to proceed. This software is available for download free on the internet. <http://www.7-zip.org/> You must have the 7-Zip software installed on your computer to proceed with this process.

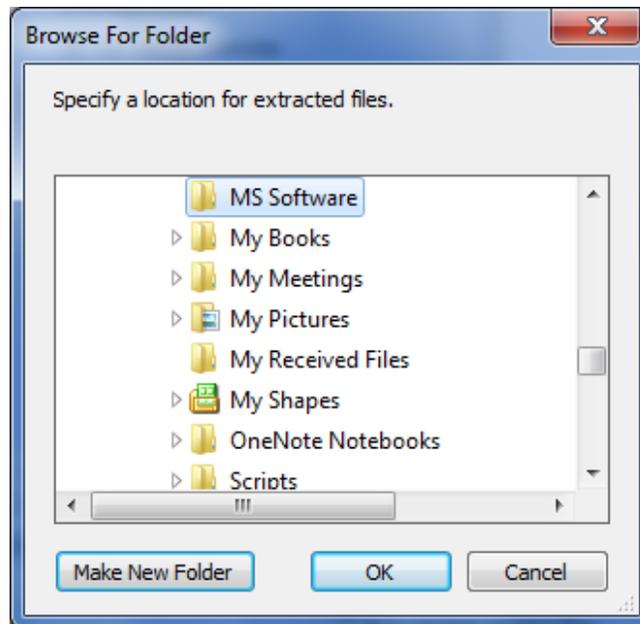

- Right click on the IMG/ISO file and select **7 Zip...Extract Files**.

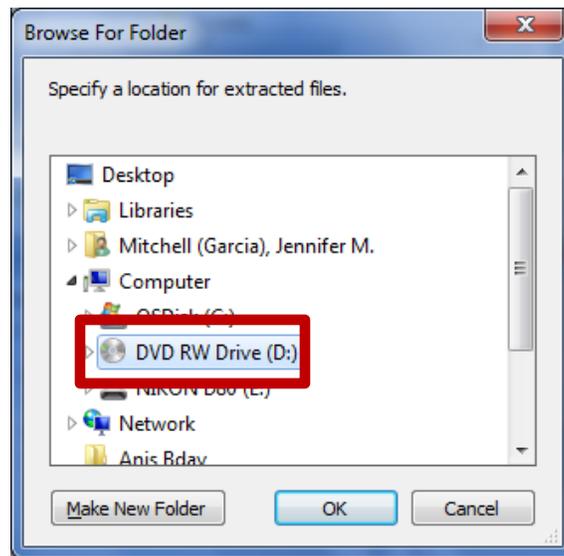

2. Choose a location to save the extracted files by clicking the box below with 3 dots (  ). Select either a location on your hard drive or a DVD/external device/thumb drive/external hard drive, etc .

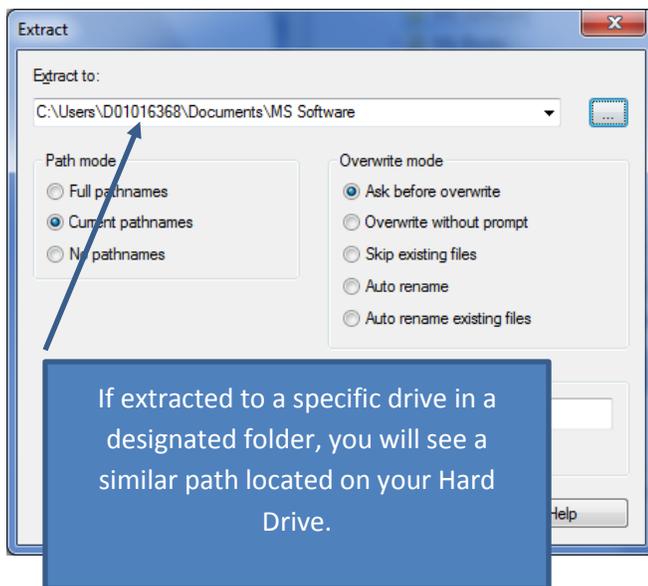

3. It's recommended to create a **new folder** to extract the IMG/ISO files to if not extracting to a DVD (see 3a below for extracting to a DVD). Once you have selected a location, click OK.

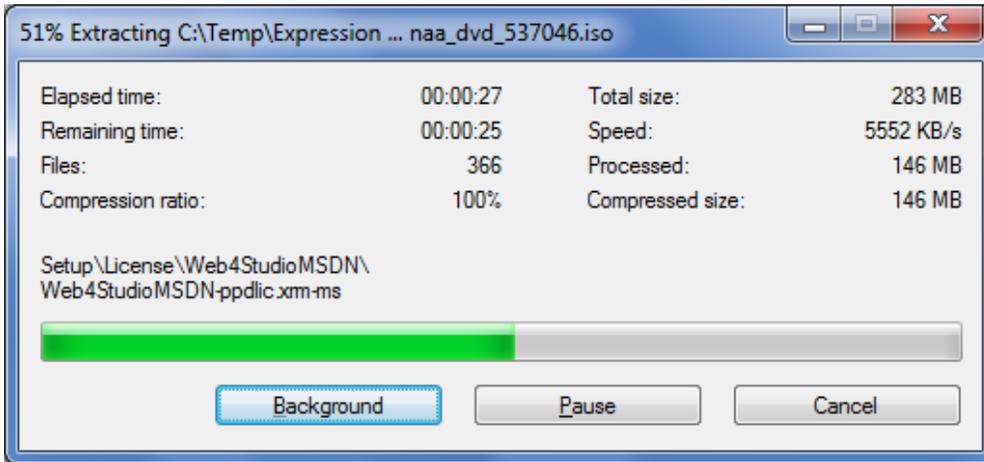

- a. If extracting to a **DVD**, select your DVD drive and click OK.

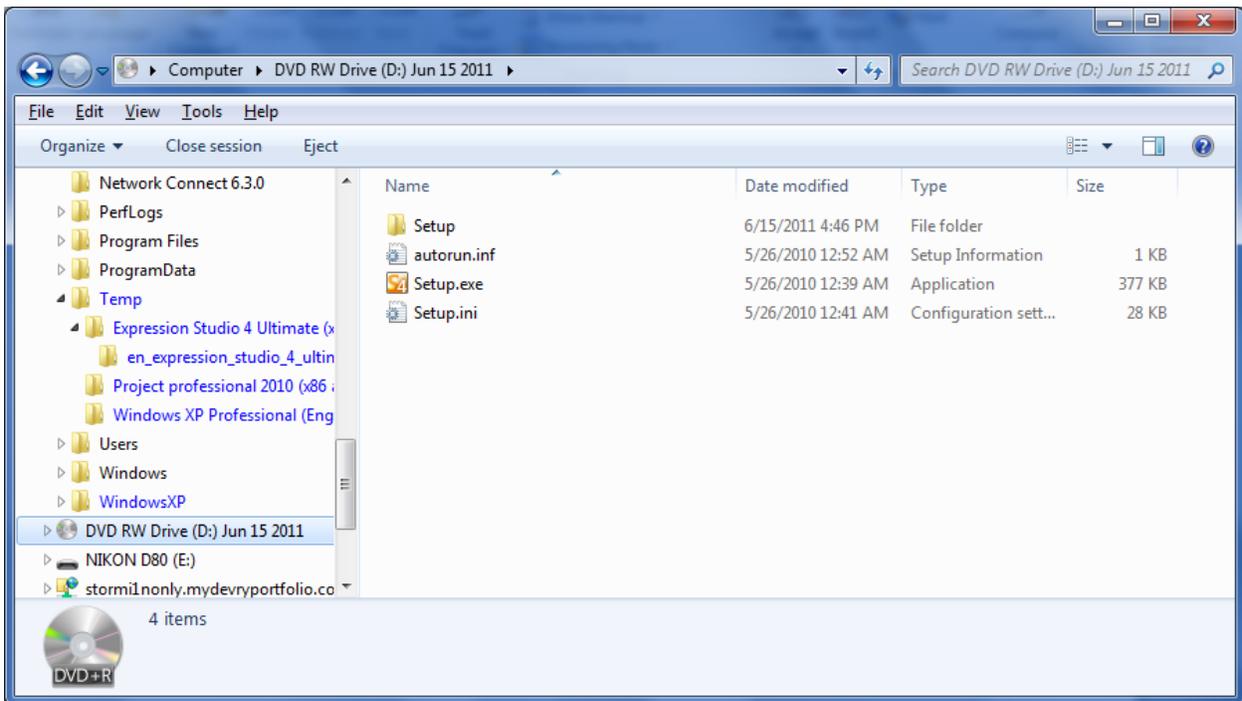

4. Click **OK** again to begin the extraction process.

5. You will then see a similar progress screen showing your ISO/IMG file being extracted.

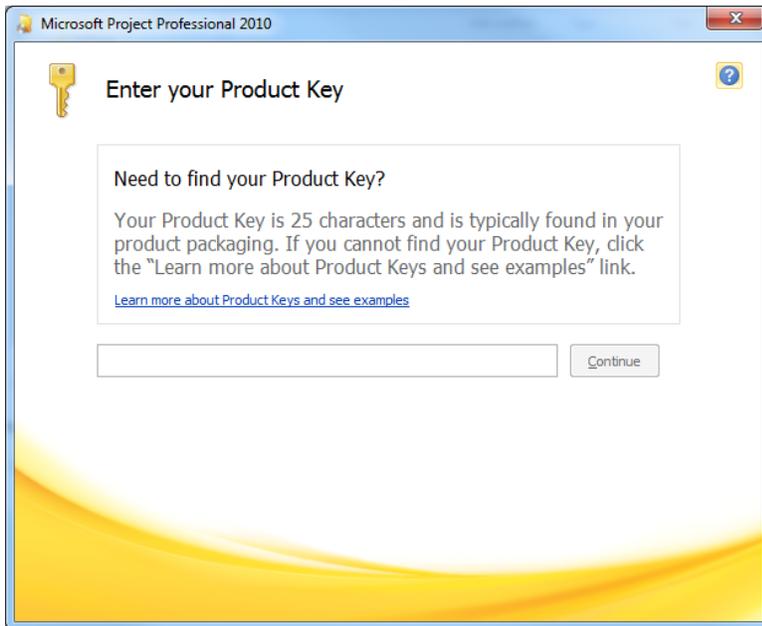

6. When the process has completed, the above progress screen will no longer be visible. Locate the drive/folder where you extracted your files.

7. Open the folder to review the extracted contents. . To begin the installation, double click **Setup.exe**.

## Installing MS Project

1. Once the installation begins, you will be required to enter your **Product Key**.

**Note: Your Product Key is located within your Order Information and is in red text. You can return to your order information by clicking *View your Order Information* on the screen below. Please make back-up copies of your keys and software as they are only available for a limited time.**
